Safety & Maintenance Council (SMC)

Committee Member Profile

Safety & Maintenance Council (SMC) - was created for the promotion of professionalism and safety in the trucking industry and is open to all employees of ATA member companies. The Council sponsors numerous awards and recognition programs, safety education courses and hosts bi-monthly meetings designed to provide professional networking and disbursement of safety information. The SMC also sponsors several outreach events and activities such as the annual Awards Banquet, annual RoadCheck, annual SuperTech Competition and the Arizona Truck Driving Championships.

I am currently on the council I would to join the council

Please remove me from the council
