Answer: Balanced budget with sustainable revenue/expenditure ratio. Restructured school system with equitable, sustainable funding sources. Infrastructure....roadways, water supplies

2) Do you support eliminating the HURF transfers to DPS and other non-road construction and maintenance purposes?

Answer: Yes

Comments:

3) Do you support the continued use of bona fide independent contractors in the trucking industry and oppose efforts by state and local governments to reclassify owner-operators as employees?

Answer: Yes

Comments:

4a) Do you support the conversion of our existing infrastructure into toll roads?

Answer: No

4b) Do you support the use of toll roads for construction of new infrastructure?

Answer: YesNo

Comments: Open to discussion.....I understand the advantages and also hear some of the concerns of toll roads.

5) On a scale of one to ten (one being low), how important do you believe transportation infrastructure (roads and highways) is to the success of the Arizona's economy?

Answer: 9

Comments: I live in Tucson (nuff said, but) and as a small business owner, the roadways and thoroughfares do not accommodate my business efforts in any way and often cause damage to my vehicles. Better roadways would greatly improve the potential for new industry to come to Tucson.

6) Do you support exploring options to increase revenues for transportation funding through either taxes or fees?

Answer: Yes, I think the legislature needs to increase taxes or fees to raise revenue for road infrastructure.

Comments: I do also believe that spending HURF funds on their intended projects will reduce this deficit as well.

7) Do you support or oppose the "Regulate Marijuana Like Alcohol" ballot proposition?

Answer:

Comments: I am completely neutral on the marijuana issue. This is being put before the voters. Hopefully they will have all of the facts and will be educated voters.
