H2152: ARIZONA EMISSIONS BANK; CREDITS; AMENDMENTS

The Arizona Emissions Bank is renamed the Voluntary Arizona Emissions Bank, and statutes regulating the Bank are modified. The state, a political subdivision and any person that reduces “qualifying emissions” (defined) may apply to the Department of Environmental Quality to certify “emission reduction credits” (defined) to be deposited in the Bank. The Dept is required to act on an application and certify the credits under rules adopted by the Dept before the credits may be deposited and used to offset future increases in emissions. Except to the extent required by the federal Clean Air Act, Dept rules must provide for the award of emission reduction credits equal to the full amount of reductions in qualifying emissions that are permanent, quantifiable, surplus, real and otherwise enforceable. Emission reduction credits can no longer be used, traded, sold or otherwise expended within the same nonattainment area, maintenance area or modeling domain. Emission reduction credits do not expire and may not be reduced or withdrawn without permission of the owner. AS SIGNED BY GOVERNOR.

S1353: EMPLOYMENT & LABOR OMNIBUS

Various changes related to employment regulations. Employers are prohibited from taking adverse employment action against an employee because the employee discloses his/her wages, and from requiring an employee to sign a waiver or other document that prohibits such disclosure. Statute prohibiting employers from paying any employee at wage rates less than the rates paid to employees of the opposite sex are modified to require equal wage rates for substantially similar work when viewed as a composite of skill, effort and responsibility and performed under similar working conditions, unless the employer demonstrates that the wage differential is based on specified factors. In addition to the wages the employee is deprived by reason of a violation, an employer in violation is liable to the employee affected for interest on the wages, and an amount equal to the wages as liquidated damages. An employer is prohibited from discharging or discriminating or retaliating against an employee who takes action to invoke or assist in the enforcement of these regulations. The Industrial Commission is required to issue an equal pay certificate to a business that meets specified qualifications, including that the average compensation for female employees is no consistently below the average compensation for male employees within each job category. Beginning January 1, 2018, a business that has at least 40 full-time employees in Arizona or in the state where the business's primary place of business is located is required to have an equal pay certificate or a waiver in order to be eligible to contract with any purchasing agency in Arizona for a procurement of more than \$500,000. Employers are no longer permitted to pay employees who customarily and regularly receive tips a wage up to \$3 per hour less than the minimum wage if specified conditions are met. Employees are authorized to request s change in the terms and conditions of employment related to a list of specified factors, and the employer is required to engage in a timely, good-faith interactive process with the employee to discuss potential changes to meet the employee's needs. Establishes requirements for pay and schedule notice for retail, food service or cleaning employees. Due to voter protection, the minimum wage provisions of this bill require the affirmative vote of at least 3/4 of each house of the Legislature for passage.

S1407: WORKERS' COMPENSATION; EMPLOYEE DEFINITION; NOTICE

For the purpose of workers' compensation, beginning December 1, 2017, the state, a political subdivision or a self-insurance pool consisting of public entities is authorized to direct medical care, and requirements for entities that do so are specified. Establishes a process for an injured worker from one of these entities to choose an alternative treating physician, and allows an injured worker to seek and receive "emergency care" (defined) without restrictions in the case of a "medical emergency" (defined). Session law requires the chairman of the Industrial Commission to convene a 10-member panel to make recommendations for implementing these provisions. For the purpose of workers' compensation statutes, the definition of "employee" is expanded to include a working member of a limited liability company (LLC) who owns less than 50 percent of the membership interest in the LLC, and a working member of an LLC who owns 50 percent of more of the membership interest in the LLC who is deemed an employee entitled to workers' compensation benefits on written acceptance of an application for coverage by the working member at the discretion of the insurance carrier for the LLC. The basis for computing wages for premium payments and compensation benefits for the working member is an assumed average monthly wage of \$600 or more, up to the normal statutory maximums, and is subject to the discretionary approval of the insurance carrier. If a public safety employee files a request for a hearing in connection with the employee's medical benefits or a change of physician request that alleges that immediate and irreparable injury, loss or damage will result if the hearing is not held before the time frames prescribed in statute, the Industrial Commission is required to notify the parties if the request for an expedited hearing is granted and, if granted, of a hearing date that is no more than 15 days after the date of the notice, and must require the administrative law judge to issue a determination on the matter and make an award within 5 days after the hearing. H2145: HOUSEHOLD GOODS; UNLAWFUL MOVING PRACTICES

After taking possession of a consumer's household goods, a "household goods mover" (defined) is prohibited from refusing to deliver the goods and from enforcing or threatening to enforce a carrier's lien against a consumer's household goods when providing "household goods moving services" (defined) for an intrastate move. Establishes requirements for advertisements by a household goods mover. Violations are an unlawful practice subject to enforcement by the Attorney General. If a household goods mover provides to the consumer a written contract that meets a list of specified requirements, including a detailed list of services to be provided under the contract and any other fees that the consumer may be required to pay, a list of any terms and conditions for payment, an explanation of how the household goods mover will reimburse consumers for loss or damage, if any, and the total estimated price for the services, and if the mover provides the consumer with a clear and conspicuous disclaimer with specified language that the consumer signs to acknowledge that the household goods mover may refuse to unload and deliver the consumer's goods until the total estimated price in the contract is paid, the mover

qualifies for an exemption from this prohibition and is permitted to require the consumer to tender the total estimated price set forth in the contract before delivering and unloading the household goods, with some exceptions. AS SIGNED BY GOVERNOR.

H2152: ARIZONA EMISSIONS BANK; CREDITS; AMENDMENTS

The Arizona Emissions Bank is renamed the Voluntary Arizona Emissions Bank, and statutes regulating the Bank are modified. The state, a political subdivision and any person that reduces “qualifying emissions” (defined) may apply to the Department of Environmental Quality to certify “emission reduction credits” (defined) to be deposited in the Bank. The Dept is required to act on an application and certify the credits under rules adopted by the Dept before the credits may be deposited and used to offset future increases in emissions. Except to the extent required by the federal Clean Air Act, Dept rules must provide for the award of emission reduction credits equal to the full amount of reductions in qualifying emissions that are permanent, quantifiable, surplus, real and otherwise enforceable. Emission reduction credits can no longer be used, traded, sold or otherwise expended within the same nonattainment area, maintenance area or modeling domain. Emission reduction credits do not expire and may not be reduced or withdrawn without permission of the owner. AS SIGNED BY GOVERNOR.

H2329: VEHICLE INSURANCE; RENEWAL; FEES; DPS

On the renewal of a semiannual motor vehicle liability policy, the Department of Insurance is required to charge the insured a fee in an amount determined by the Director, to be deposited in the Arizona Highway Patrol Fund. The total amount of the fees is required to cover the projected annual budget for the highway patrol division of the Department of Public Safety. Due to a potential increase in state revenue, this legislation requires the affirmative vote of at least 2/3 of the members of each house of the Legislature for passage.

H2331: AUTO DEALERS; RECALLS; MANUFACTURER COMPENSATION

A motor vehicle manufacturer is required to pay fair and reasonable compensation to its new motor vehicle dealers for all labor and parts that are required to perform recall repairs. If parts or a remedy is not reasonably available to perform a recall service or repair on a used motor vehicle held for sale by the new motor vehicle dealer within 30 days after the manufacturer issues the notice of recall and the manufacturer issues a "stop-sale or do not drive notification" (defined) on a used motor vehicle, the manufacturer is required to compensate the new motor vehicle dealer at a rate of at least 1.5 percent of the value of the used motor vehicle per month or prorated portion of a month when applicable, until a date when the recall parts or remedy are delivered to the dealer or when the vehicle is no longer in the dealers' inventory. The value of the used motor vehicle that is subject to the stop-sale or do not drive notification is the average trade-in value for used vehicles as determined by reference to a nationally recognized publication that reports on used motor vehicle values. Establishes requirements for reimbursement claims made by motor vehicle dealers. AS SIGNED BY GOVERNOR.

S1445: VLT; REGISTRATION FEES; GAS TAX

Establishes a semiannual motor vehicle liability insurance policy fee that insurers are required to pay to the Department of Public Safety (DPS) for every vehicle insured under a motor vehicle liability insurance policy. The fee is in an amount determined by the Director of DPS using a specified calculation in order to cover the required expenses of the DPS Highway Patrol for the next fiscal year, and must be deposited in the Arizona Highway Patrol Fund (AHP Fund). Imposes a fee on any vehicle that does not rely exclusively for propulsion on a source of fuel subject to a motor fuel tax, in an amount that the Arizona Department of Transportation (ADOT) estimates is the average amount of motor fuel taxes paid by an average

vehicle during the current fiscal year. Establishes a tax on natural gas in any form that is used in the propulsion of vehicles on public streets, roads and highways, in an amount determined by ADOT using a specified calculation so that the amount of the tax paid is as nearly as equivalent as possible to the tax that would be paid if the vehicle used motor fuel or use fuel. Adds a vehicle license tax rate of an unspecified amount (blank in original) for the first 12 months of the life of a vehicle, and an unspecified amount (blank in original) for each succeeding 12-month period, both for the AHP Fund. Due to a potential increase in state revenue, this legislation requires the affirmative vote of at least 2/3 of the members of each house of the Legislature for passage.

H2159: VEHICLE IMPOUNDMENT; RELEASE OF VEHICLES

If a vehicle is abandoned and a fee is collected by the Arizona Department of Transportation (ADOT), the towing company that towed the vehicle is entitled to receive 20 percent of the fee as a partial reimbursement. Establishes the Abandoned Vehicle Administration Fund consisting of 20 percent of the fees collected from the owners of abandoned vehicles, which were previously deposited in the State Highway Fund. ADOT is required to establish a monthly payment system to reimburse registered towing companies that are entitled to partial reimbursement for towing abandoned vehicles. If a renter or lessee of private property parks a vehicle on the property in an area that the owner authorizes for the vehicle, a person cannot remove or cause the removal of the vehicle unless there is evidence of abandonment. Expired registration of a vehicle may be considered in determining if a vehicle is abandoned but cannot conclusively determine abandonment unless there is additional evidence of abandonment. Establishes a list of documentation that a person must submit to prove ownership of an unclaimed vehicle. If ADOT or a police officer believes that a vehicle presents a potential fire or other safety hazard and requests a towing or recovery vehicle to assist in moving the vehicle, ADOT or the police officer is permitted to direct the towing or recovery vehicle operator to either intentionally damage a part of the vehicle that does not need to be damaged to move the vehicle or move or tow the vehicle in a manner or with urgency that is not consistent with acceptable towing practices, and must acknowledge this direction in writing. The operator of the towing or recovery vehicle is not liable for any damage resulting from ADOT's or the officer's effort to mitigate the potential fire or other safety hazard unless the removal is done recklessly or in a grossly negligent manner. An immobilizing or impounding agency is required to release a vehicle before the end of the 30 day immobilization or impoundment period to any person who is identified as an owner of the vehicle on ADOT records at the time of removal and either immobilization or impoundment, if the vehicle is a commercial motor vehicle, a street sweeper or heavy equipment and the person was not the driver of the vehicle at the time of removal and either immobilization or impoundment. The prohibition on following too closely does not apply to a demonstration project conducted by ADOT on a state highway if ADOT consults with the Department of Public Safety before the demonstration project is implemented. S1445: VLT; REGISTRATION FEES; GAS TAX

Establishes a semiannual motor vehicle liability insurance policy fee that insurers are required to pay to the Department of Public Safety (DPS) for every vehicle insured under a motor vehicle liability insurance policy. The fee is in an amount determined by the Director of DPS using a specified calculation in order to cover the required expenses of the DPS Highway Patrol for the next fiscal year, and must be deposited in the Arizona Highway Patrol Fund (AHP Fund). Imposes a fee on any vehicle that does not rely exclusively for propulsion on a source of fuel subject to a motor fuel tax, in an amount that the Arizona Department of Transportation (ADOT) estimates is the average amount of motor fuel taxes paid by an average vehicle during the current fiscal year. Establishes a tax on natural gas in any form that is used in the propulsion of vehicles on public streets, roads and highways, in an amount determined by ADOT using a specified calculation so that the amount of the tax paid is as nearly as equivalent as possible to the tax that would be paid if the vehicle used motor fuel or use fuel. Adds a vehicle license tax rate of an unspecified amount (blank in original) for the first 12 months of the life of a vehicle, and an unspecified amount (blank in original) for each succeeding 12-month period, both for the AHP Fund. Due to a potential increase in state revenue, this legislation requires the affirmative vote of at least 2/3 of the members of each house of the Legislature for passage.
