

# Business Route 40 (40B) MULTIPLE BRIDGE DECK REPAIRS

## PROJECT OVERVIEW

The Arizona Department of Transportation, in conjunction with the Federal Highway Administration, is planning to repair three bridges on Business Route 40 (40B) in Seligman, located in Yavapai County, Arizona. Work will occur at the West Seligman Traffic Interchange (TI) Overpass located on 40B at milepost 138; West Seligman Burlington Northern-Santa Fe Railroad Overpass located on 40B at milepost 139; and the West Seligman Overpass located on 40B at milepost 139.45. The project includes replacing the damaged elements of the bridges and completing other upgrades to increase the lifespan of the bridges, replacing the deck portions of the three bridges, reconstructing 40 feet of roadway on either side of bridges and repairing erosion damage.

## WHAT TO EXPECT

Construction is scheduled to begin in June of 2018 with final project completion anticipated in April of 2019. **ADOT will maintain access to Seligman and Historic Route US 66.** While exit 121 is closed, drivers can use exit 123 to access I-40 Business and Historic Route US 66. To receive project updates and traffic alerts by email, visit the project web page and click on "subscribe for updates."
