

Arizona Trucking Association Candidate Survey 2018

Name: **Lori Kilpatrick**

Office Sought: **Arizona Senate**

District: **14**

Status: **Open Seat**

Party: **Republican**

Website: **http://lorikilpatrick.com**

Previous Office(s): **none**

Education: **B.S. Education**

Occupation: **Small Business Owner**

Accepting PAC Contributions: **No**

Are you interested in an endorsement: **Yes**

5. If elected, what are your top three priorities for 2019-2020?

Answer: Security, Education, De-regulation/smaller government controls

6. Do you support the continued use of bona fide independent contractors in the trucking industry and oppose efforts by state and local governments to reclassify owner-operators as employees?

Answer: Yes

Comments:

7. Do you support the conversion of our existing infrastructure into toll roads?

Answer: No

8. Do you support the use of toll roads for construction of new infrastructure?

Answer: No

9. On a scale of one to ten (one being low) how important do you believe transportation infrastructure (roads and highways) is to the success of the Arizona's economy?

Answer: 9

Comments:

10. Currently, alternative fuel vehicles (natural gas and electric) do not pay any taxes or fees for use of the roads. (i.e. a gas tax substitute) Do you believe that these vehicles should pay something for use of the roads, or do you believe that they should continue to get a discount for using alternative fuels?

Answer: I believe alternative fueled vehicles should continue to get a discount for use of the roads.

Comments: Until this they are a larger part of the population of vehicles, and that they are viable options there should be a discount so they can be developed further.

11. Currently, both the Department of Transportation and the Department of Public Safety have law enforcement officers that specialize in commercial vehicle enforcement. Do you believe Arizona should look at consolidating all truck enforcement activities under the Department of Public Safety?

Answer: Yes, I believe we should look at consolidating ADOT's law enforcement under the DPS.

Comments:

12. Given the importance of transportation is to our economic success, how would you propose we solve the revenue shortfall needs for transportation?

Answer: De-regulation and better business management. Currently Cochise county has 10 million in their coffers to spend on road repair that was not used because of bad management. That money will transfer over to next years budget, but due to regulations not all will be able to be used. (limits on how much can be spent) I will focus on cutting bad legislation and non funded mandates, getting government out of the way so that the economy and business can grow.
