Subject: Online renewal of CDLs

Dear ADOT Partner:

The Arizona Department of Transportation is pleased to announce that many commercial truck drivers are now eligible to renew their Commercial Driver License (CDL) online. Previously, renewing a CDL required a visit to an ADOT Motor Vehicle Division (MVD) office. The ability to renew online offers time savings and convenience and ADOT MVD encourages commercial truck drivers to explore this option when their CDL needs to be renewed.

To renew a CDL online at AZMVDNow.gov, an individual's address must remain the same, a [valid primary document](#) is on file with MVD and their current credential must not have any suspensions or holds on their license. CDL holders with a hazmat endorsement will not be able to renew their license online.

Prior to renewing online, an individual must activate their account at AZMVDNow.gov. Anyone with an Arizona CDL already has an account, but it must be activated. If an MVD office visit is required, an appointment can be scheduled at AZMVDNow.gov.

Please visit azdot.gov/RenewCDL for more information about renewing a CDL.

Sincerely,

Eric R. Jorgensen
MVD Director
